ANOTHER SLAP AT PRESIDENT

Senator Foraker Sings Swan Song In The
Senate This Morning On Browns-
ville Affair.

EVEN MADE CHARGES AGAINST TAFT

Takes Both Roosevelt And Secretary Of War To Task For
Hiring Special Detectives To Probe Into
Shooting Up Of Brownsville.

(BY ASSOCIATED PRESS.)

Washington, Jan. 12.—(Special.)—The version of public funds by the president and William H. Taft while secretary of war, to pay for the investigation by private detectives into the Brownsville affair, was charged by Senator Joseph Foraker, of Ohio, in the senate today in a speech in reply to statements of Herbert C. Brown, of this city, and William J. Brown, of Round Rock, Va., who were employed by the secretary of war to secure evidence of the guilt of negro soldiers of the 25th Infantry, United States army, in shooting up Brownsville on the night of August 13-14, 1906. The government was charged by Mr. Foraker as "atrocious, shocking and revolting."

"This charge of the slandering of \$15,000 from the war fund of \$2,000,000 appropriated by the deficiency act of March 3, 1890, was made by Mr. Foraker in concluding his remarks which consisted of a very careful consideration of certain local phases of the Brownsville affair and the reading of a number of affidavits by soldiers whose testimony and 'confessions' Mr. Brown alleged he had secured to unravel the mystery of the identity of the men who did the shooting up. Particularity nearly every statement of importance made by the secretary of war in 1906, was taken up and the fund of 1890 appropriated as an emergency fund 'to meet unforeseen contingencies constantly arising to be expended at the discretion of the president,' Mr. Foraker said:

"It will probably be surprising information to the Appropriation Committee, as it will be to most senators, that this appropriation, made ten years ago at the close of the Spanish-American war, to enable the president to meet emergency army contingencies such as were then arising in connection with our military establishment, should have been construed to be a permanent appropriation, and that there is still a large unexpended balance out of which payments of the character now under consideration are being made."

Continuing, Mr. Foraker declared that section 103 of the revised statutes enacted in 1842 and still in force directs the head of each department to make an annual report to congress giving a detailed statement of the manner in which the contingent fund of his department has been expended, giving the names of every person to whom any portion of such fund has been paid.

"This appropriation," he said, "being for the War department, the report should have been made by the secretary of war, and he is not relieved of that duty by the fact that the money can be expended only with the approval of the president. The secretary of war evidently has entertained this view, but so far as I can

ascertain no detailed or itemized report to congress of expenditures from this fund have been made, but only general reports showing the aggregate sums expended for each year."

The "contingency" under which this use of the war fund of 1890 was used, Mr. Foraker declared, was "the remote one that men should be required to prove their innocence of a crime before a judge who had already pronounced them guilty." "And all this," insisted Mr. Foraker, "in the presence of the fact that there was the most bitter and determined opposition to the measure and that there was provided that all might be reconsidered to be recalled, but that the right to further prosecution before civil or military tribunals should be reserved as to all against whom any evidence might be secured in any manner at any time after such enactment."

"But, wanting all technical or doubtful objections and assuming for the sake of argument, that the constitutional provision quoted does not apply, and that the ruling of the treasury department, that the appropriation is permanent, is correct, and that it continues to stand, and will stand, as an available appropriation as those for which it was intended, until entirely exhausted, the question remains whether such questions as are now under consideration are legitimate and proper to be made from it. I would seem that granting all I have indicated, they are yet, nevertheless, clearly illegal and in violation of the following statutory provision: 'That no money shall be paid out of any appropriation or similar agency shall be employed in any government service or by any officer of the District of Columbia.'

"This provision was enacted in 1892, and has been in force and effect ever since. But inasmuch as it was found in an appropriation bill, it was amended in 1893 to read: 'That no money shall be paid out of any appropriation or similar agency shall be employed in any government service or by any officer of the District of Columbia.' It was amended so as to employ the continuing language of the land and inland revenue act of 1893, and was in 1893, and read as follows: 'No money of the United States shall be paid out of any appropriation or similar agency, shall be employed in any government service or by any officer of the District of Columbia.'

"This statute is still in force and effect, unamended and unqualified. It was in full force and effect at the time when these contracts with Brown and Baldwin were made by the secretary of war.

"In view of these statutes, all those payments are clearly illegal, not only without warrant or authority of law, but in plain violation thereof."

Speaking in investigating the Brownsville affair, Mr. Foraker declared that "it is impossible to find language with

Peking, Jan. 12.—The diplomatic corps has made a strong collective protest to the Chinese government concerning the seizure of the telegraph and cable office which the Chinese government in 1901 agreed should be under foreign superintendence.

WARMER WEATHER IS REPORTED IN NORTH

Cold Wave Has Tied Up Railway Traffic and Hindered Telegraph Communication.

(BY ASSOCIATED PRESS.)
Chicago, Jan. 12.—The cold wave in the Mississippi and Ohio valleys, attended by snow, is retarding telegraphic communication. The prospects for warmer weather are favorable as it is warming up in the Canadian northwest.

OFFUTT CASE TRIED IN MARYLAND TODAY

Murderer of Rockville Storekeeper Appeared Before Circuit Court.

(SPECIAL TO THE GAZETTE.)
Rockville, Md., Jan. 12.—The case of Nicholas Offutt, charged with the murder of Frank Kretzmer, was called for trial today in the circuit court. Both the accused young man and his alleged victim were well known to the vicinity and as a result the trial will be followed with considerable interest.

The killing of Kretzmer, who was a storekeeper, resulted from a children's prank. Several girls, among them the young sister of Offutt, entered Kretzmer's store, to play a practical joke. The girls entered the store and Kretzmer, who was alone, mistook them for burglars and shot and killed Kretzmer. The young man hastened to the store and without warning shot and killed Kretzmer. The young man fled to New York, but was captured a few days later and returned for trial.

LAWMAKERS WILL CONVENE TODAY

IN STATES OF WASHINGTON, TEXAS, AND KANSAS.

North Carolina Masons Central League and Texas Home Canr. Association Met in Various Cities.

(SPECIAL TO THE GAZETTE.)
Olympia, Wash., Jan. 12.—An unusually large number of important measures are slated for consideration and action at the session of the Washington legislature which began today. Several primary law amendments will be proposed and an effective local option bill will be introduced. A bill to abolish race-track gambling probably will meet with warm discussion. Irrigation and the conservation of the natural resources of the state also will receive attention. Liberal appropriations there are to be urged for the state colleges and other institutions.

Kansas Lawmakers Meet
Topeka, Kan., Jan. 12.—The Kansas legislature which convened today will be called upon to deal with some important questions, though it is not expected that so many measures of radical reform will be enacted as was the case at the session two years ago. The legislature will organize the election of a United States senator to succeed Chester I. Long, whose term will expire with the end of the present congress. The choice of his successor will be purely a party matter, as the general primary held last summer insured the election of Joseph L. Bristow, formerly assistant postmaster-general of the United States.

One of the foremost matters to receive the attention of the lawmakers is the question of state bank deposit guaranty law. As both parties are pledged to enact such a law, it is certain that the measure will pass in some form or another. Proposed amendments to the tax laws form another important subject to be dealt with. To make prohibition as nearly absolute throughout the state as possible a measure will be introduced to abolish the selling of liquor on trains.

In Texas
Austin, Texas, Jan. 12.—The thirty-first session of the Texas legislature convened today and proceeded to the work of organization. Opinion of the members varies as to the probable length of the session, but all agree that the session will be one of the most important of recent years. The Sunday closing agitation, the regulation of the liquor traffic, railway legislation and numerous other important matters will be dealt with. Woman suffrage and compulsory education bills also have a prominent place on the agenda.

Central League
South Bend, Ind., Jan. 12.—All signs point to a successful meeting when the delegates of the Central League went into annual session behind closed doors at the Oliver house this morning. President Carhouse occupied the chair and each of the cities comprising the circuit was represented. A semi-official statement given out prior to the meeting stated that practically the only business to be transacted was the organizing of a schedule on which the league will pass at a meeting to be held in Terre Haute in March.

North Carolina Masons
Raleigh, N. C., Jan. 12.—The North Carolina grand lodge of Masons began its annual meeting in Raleigh today and will remain in session until Saturday. The dedication of the new grand lodge Masonic Temple is to take place tomorrow, when it is expected the attendance of Masons of high degree will be the largest in the history of the fraternity in North Carolina.

LEGISLATURE BEGINS ITS SESSION TOMORROW NOON

Bankcroft Will Be The Speaker Of The House,
Cleary Having Withdrawn At
Last Minute.

(SPECIAL TO THE GAZETTE.)

Madison, Wis., Jan. 12.—The Wisconsin legislature will convene in the new west wing of the capitol tomorrow noon, the speaker of the assembly and chief clerk of both houses will be elected and then, organization completed, the next business will be the reading of the message of Governor Davidson, which will come Thursday, and then the lawmakers will be ready for the grinding of the biennial grind of statutes.

For speaker of the assembly, Judge L. H. Bankcroft of Richland Center seems to have the call, after the withdrawal of Assemblyman M. J. Cleary of Blanchardville last evening. Cleary and Bankcroft were the two Stephenson candidates and the withdrawal of Cleary, whose campaign had reached formidable proportions, indicates an understanding in the Stephenson camp in the interests of harmony.

Both houses have contests for chief clerk. In the assembly C. E. Shafter of Madison, chief clerk of the session of 1907, leads, with J. C. Miller of Madison and Banker Fraz-

ler of Wausha also running strong. For chief clerk of the senate, Fred Wylie of Milwaukee and F. E. Andrews of Bloomer are the chief contestants, with four other aspirants. The coming session will be a notable one in that the important subject of state insurance for laboring men will have serious consideration, with the probability of the enactment of a law that will be a step in advance of other states on this subject. One of the first acts of the legislature will be the election of Isaac Stephenson of Marinette to succeed himself in the United States senate, confirming the result of the republican primary election. The Stephenson forces are in control of the situation, so that the La Follette candidate for speaker, George E. Root of Prairie Farm, is practically out of the running.

Some months ago there was strong talk that the La Follette members would demand a legislative investigation of the large primary election campaign expenses incurred by Senator Stephenson in getting a renomination last September, but this talk is no longer seriously indulged in.

ADOPT RESOLUTIONS RELATIVE TO VOTE

Both House and Senate of Illinois Make Plans to Canvass Official Ballot.

(BY ASSOCIATED PRESS.)
Springfield, Ill., Jan. 12.—Both houses of the general assembly today adopted resolutions providing for a plan of procedure to canvass the returns of the late election and adjourn until tomorrow. The house resolution provided for a canvass in joint session, while the senate plan provides that each body simply attend as witnesses to the ministerial act of opening the returns and declaring the result without convening in joint session. The republican state central committee held a session this morning without taking definite action of any kind, looking to a settlement of the deadlock.

Hamilton, Ohio, Jan. 12.—Frank Donnelly walked into the office of J. D. Marshall today with his throat slashed, his wrists bleeding and three pistol wounds in his head. He can not live, Mrs. M. Donnelly, the man's wife, was found dead in Oxford today with her throat cut.

HELD INQUEST BUT DEVELOPED NOTHING

Reverend Carmichael's Death Was Investigated by the Coroner This Morning.

(BY ASSOCIATED PRESS.)
Burlington, Iowa, Jan. 12.—Coroner Burr held an inquest over the body of Rev. John H. Carmichael at Burlington late last night and heard testimony of those who had anything to do with the case. Nothing new developed and the jury returned a verdict that "the supposed Carmichael came to his death by his own hands and by exposure to the cold."

Rockefeller, Jr., and technically committed to Tombs prison while their counsel sought to obtain a writ of habeas corpus.

FOND DU LAC COMPANY HAS FUNDS IN ITS TREASURY

One of the Richest Individual Companies in the Entire State at Present.

(SPECIAL TO THE GAZETTE.)
Fond du Lac, Wis., Jan. 12.—At the annual meeting of the Company E. corporation held last night the report of the treasurer showed that the receipts during the past year amounted to \$1,000 and that the balance now on hand is \$3,000. This makes the company one of the most substantial millitary organizations in the state.

COUNTY BOARD IS HOLDING SESSION

JANUARY DELIBERATIONS OF
COUNTY FATHERS STARTS

ROUTINE BUSINESS BEGUN

Treasurer's Report and Petitions Heard This Afternoon—Matters to be Considered.

This afternoon at two the January session of the Rock County Board of Supervisors convened in the court house with Chairman Gottlieb of Edgerton in the chair. The preliminary work of organization was gone through with and reports of committees and treasurer's report heard and referred to committees. The real work of the board will come tomorrow when the interesting portion of the work is taken up.

It is anticipated that the action of Chairman Gottlieb in withholding the salary of Judge Ross of the District court is going to be one of the interesting features of the session. Mr. Gottlieb acted as he did with a view of being certain of the board's position in the matter before the money was paid and the pros and cons of the question promise to be long and drawn out.

Good roads is another question that is going to be discussed. The present system of road building has not met with some disapproval by certain members of the board who do not think that the county's money is being expended wisely. The advocates of the good roads movement however will be on hand to sustain Mr. Skavlen's methods and to will be doubtless successful in securing a continuation of the present system which shows twenty-five miles completed last year.

The question of a new superintendent for the county asylum will not be subject to much discussion owing to the fact that the position of the trustees in naming a successor to Mr. William is felt to be correct.

One of the most important resignations received was that of Poor Commissioner Kenyon who tendered his resignation owing to his illness. Mr. Kenyon has been poor commissioner for the past twenty-five years and is at present in extremely poor health. The board will be called upon to fill this office and it is probable that there will be a lively contest for the position. Among those who have been mentioned is B. H. Helms, Mr. Kenyon's successor owing to the fact he has been doing considerable of the work since Mr. Kenyon became ill.

The resignation of Superintendent Kilham of the poor farm was also read and accepted. \$50,000 has passed through his hands during his incumbency of the office of county treasurer in the statement of Royal Smith as read from his report last at the meeting of the board.

Mr. Smith thanked the members in behalf of his late father, whose term he has just completed, for the courtesy that the office had met with in all transactions. Mr. Smith stated that it was the wish of his father that he should do this, as expressed by Oliver Smith a few days before he passed away from this life.

Mr. Church having on the first of January this year succeeded Mr. Smith as treasurer, the latter also stated that he had retired from politics permanently.

THE DEALS BEGIN.

Even before the session of the legislature has started, before the carpenters and the decorators are out of the rooms they are to occupy, the dealings and playing of politics has begun at Madison.

Mr. Hancock is to be the coming speaker of the lower house. Mr. Cleary who practically had the election clinched retired "for the sake of harmony."

Why for harmony's sake?

Why is it necessary to harmonize?

Why hand the speakership to a man whose affiliations have been such that harmony can not exist no matter upon what terms peace is declared?

These are questions that are being asked today. These are questions that it will well be hard to answer.

Despite the fact a clear clean cut fight was made last September for Isaac Stephenson for United States Senator, that he won out by a fair and honest majority it has been found necessary to harmonize the party to secure his election to the Senate.

State chairman Edmunds has seen fit to approve of the deal whereby Cleary retires and Hancock steps in. He compliments Mr. Cleary as being a young man of considerable judgement and his sacrifice of personal interests for public good is commended.

All well and good. Keep up the play gentlemen but remember one thing it is a slippery game, this playing with men who repudiate their own laws the first time they go against them.

Make all the deals you can. Load all the ground you own in the fight for good government last fall. Government for the people, and by the people.

In the matter of harmony why did not Mr. Hancock retire? Why did he not sacrifice his own personal interest in the interests of party good?

Why did not he yield gracefully and say let us have peace? I am a republican and as such, I and my followers will support the laws and no deal to make us good is needed. We are republicans.

But no. In the interests of harmony Mr. Cleary steps down.

CLUB VERSUS PITCHFORK.

That United States Senator Ben Tillman of South Carolina has lost none of the venom and fire in his speeches is true but it would have been far better for Benjamin's own personal welfare had he not dared the lightning of the White House in his fiery speech of Monday. It reports of his talk to the Senate can be believed he even disappointed the men who were on edge for a scathing rebuke to the President. He failed utterly in what he attempted to do, that of clearing himself of the stigma that Roosevelt had attached to his name and character in reference to the land deals in question. Senator Tillman is a talented man, is a spirited speaker, he had a popular subject just now in Washington to discuss but he failed. He fired his ammunition and left his shot chest empty. He hurled invectives at the head of the chief executive with his old time and vigour but some way he did not reach the heights he was expected to and his talk was a failure. Today Senator Foraker sings his swan song in the Senate by another outbreak on the Brownsville affair. Last week Tawney of Minnesota and Perkins of New York replied

In stinging words to the President's criticism and all this attack upon the man in the White House has really added to the popularity of the man who wields the "Big Stick" in Washington. Somehow or other the general public cannot get the idea out of their heads that something is wrong with congress and that Roosevelt is right. He may have been injudicious in his means and methods of bringing congress to time, but the old adage that "where there is smoke there is fire" cannot be forgotten. The real result of the charges made and contradicted will be watched with interest, but on the whole the clearing of the atmosphere will cause members of the governmental family to be more careful of their actions in the future.

GREAT MOVEMENT ON TRIAL.

The Wisconsin State Journal at Madison has the following to say of the "dry" regime of the south and the results that may be obtained from extending the territory:

"The dawn of the new year witnessed the inauguration of a 'dry' regime in a large part of the south. State-wide prohibition laws become effective on Jan. 1 in North Carolina, Alabama and Mississippi. Prohibition advocates in Louisiana have suspended their fight to test the new Gay-Shattuck law for the regulation of the liquor traffic, which also became operative on Jan. 1. Among the prohibitions of this law are:

"That a saloon and a grocery shall be conducted without partition, between. That liquor licenses shall not be issued to a woman or girl. That no woman, girl or minor shall serve in a barroom. That foreigners and residents of other states shall not be issued licenses. That pianos and musical devices shall be barred from barrooms. That an officer of a brewery or distillery, or even a stockholder, shall not be permitted to obtain a license to conduct a barroom. That those financially interested in a brewery or distillery shall not have any interest in a barroom, or even in the lease of the premises thereof.

"Georgia now holds the center of the stage, and for a year has been experimenting on what is strictly a 'near prohibition' law in that it forbids the sale of liquors containing more than 4 per cent of alcohol.

"Tennessee is the chief center of interest among the other states where state wide prohibition fights are in progress. Kentucky, the second largest distilling state in the union, with 118 counties, has but four in which the sale of liquor is not prohibited. Virginia presents a string of victories for the anti-saloon element, as prohibition now exists in 80 of the state's 100 counties.

"In Texas, where more than half the counties have accepted prohibition, the voters soon will be called upon to vote upon a constitutional amendment for prohibition. In Arkansas two-thirds of its area, or 75 counties, are 'dry' and the question of state wide prohibition will be presented to the voters for decision. Florida is partly 'dry' through local option, and the sale of liquor principally is confined to the cities. On the enforcement of these laws will depend the fate of the movement and this will be the phase that will now be watched with the greatest interest."

Oyster Bay's real estate boom has suffered a relapse that promises to be a great detriment to corner lots. However, African investments are now rapidly reaching the possibilities of becoming par some day soon.

A woman has been killed in a Kentucky feud. This is a surprising feature of the hitherto fine Grass Colonel's gentlemanly methods of conducting little shooting affrays.

Down in Illinois Deussen does not know yet whether he has really been elected Governor or not and some of his opponents are sure that Stevenson is the real head of the state affairs.

Many persons who have visited the city treasurer's office complain that the present-day style of taxes are somewhat higher than previous year's demands.

George Ade is in Germany and approves of Berlin. This may mean that George has found a good subject for a comic opera in the Kaiser's attitude on the temperance question.

No one can mislead congress by calling it a flattered booby with the "Big Stick" and the "Pitchforks" flashing in the senate.

It is possible that Senator Tillman was merely acting as an attorney in his own interests when those land deals were made.

Just scratch a United States Senator and he becomes garrulous about his dignity.

Wall street certainly admires the nerve of congress in talking back to Roosevelt.

WHAT LOVE DID.

Poor Owen Kildare of New York, "the Bowery Kipling," as his friends call him, has been sent to a sanitarium a nervous wreck.

Kildare's career reads like fiction. At thirty years of age he could not read the simplest sentences. Eight years later he was a successful newspaper man and author.

The immediate cause of Kildare's breakdown was the failure of his play, "The Regeneration." This play was dramatized from Kildare's book, "My Mamie Rose," which told the story of his life and regeneration.

Arnold Daly, the manager, made many changes in adapting the play to the stage against the serious protests of Kildare, who predicted the failure.

And now the author and playwright is on the verge of insanity.

Born in a typical east side tenement of an Irish father and a French mother, the boy was orphaned at his birth. His mother died when he was born, and his father had died three months previously.

The child fell into bad hands and was abused and nearly killed by a drunken guardian. Driven to the streets, he abandoned his home at the age of five years, living the life of a wolf.

At fourteen years, being of a heavy build physically, he became the champion of the Park row "newsies."

Kildare developed into a boxer and finally into a prizefighter and saloon "bouncer." As previously stated, he could neither read nor write when he was thirty years old. He was about the last man in the world one might have selected for reformation.

But one day he met his fate—his "Mamie Rose."

She was a settlement worker of great charm and tact and a woman of superior character. Kildare fell deeply in love with her. She taught him the rudiments of education. Dying shortly after his "conversion," the memory of her kindness kept him in the right way.

Thousands of admirers of Owen Kildare will pray that he may recover his health. His fight for manhood was a gallant one.

Two things appear:

No man's estate, however low it may appear, is entirely hopeless. If Owen Kildare could make himself a man, who shall despair of his life?

Drummond was right when he declared love is the greatest thing in the world.

From Small Beginnings.
Great floods have down from little sources.—Shakespeare.

Many Fishes in One.
It is said that the starfish has a unique way of escaping from a net when it is caught; it falls apart, into a dozen fragments, and these fragments slide through the meshes. But the strangest part of it is that each of the fragments becomes, in time, a perfect fish. The only way to preserve a starfish is to plunge it into fresh water soon after it is taken; that kills it instantly.

IT'S RATHER CONFUSING

In the light of so many advertisements about great price reductions on Cloaks and Suits, it's rather confusing, and one hardly knows just where to turn. Take our word for it, which we consider as good as our bond, the best Bargains await you at The Big Store.

Since we made such radical price reductions on all of our very best Cloaks and Suits many women have become interested, knowing that the best garments go first.

You can positively do no better than to visit our Garment Department and learn just what we are doing.

We claim and are proving it to a large army of buyers each season that long experience in the business is surely a great advantage to any merchant. We know the kind of ready-to-wear garments to let alone, merely gotten up to look attractive but do not stand the wear. Many old reliable manufacturers sell to us only in Janesville, garments that competitors would be glad to get but the makers are satisfied to sell to us alone, owing to the business we give them. The manufacturers we refer to are the best in this country. Do not deceive yourself into thinking that you can do as well elsewhere, but call here first, or anyway before you buy, and use your own hard judgment. We keep the quality up and quality in a Cloak or Suit is first consideration.

ONE-HALF PRICE

150 choice Cloaks, all colored, for women, misses and children, latest styles, we offer at One Half Price.

165 Cloaks, about half of them our very best black garments, the others, our choicest colored cloaks, all go at One-Third Off.

55 Suits, the very best we have, all go at One-Third off.

FUR COATS AND SMALL FURS
All go at ONE-FOURTH OFF.

Everything marked in plain figures, look at the former price, deduct one-fourth, one third or one-half as the case may be, and you have the present price. You cannot get wise without looking, and we will be glad to show you through our stock. No feeling about it if you do not buy.

TAKE NOTICE!

All ads may look alike to you, but we can convince you that our Bargains are the best.

Four Days More to Secure These Sacrifice Prices

Our object in making this great sale is to get our stock as low as possible before we invoice. We had rather invoice the cash than the goods, and if, at these low prices, you had rather have the goods than the cash, we can trade. The prices are low all right. We, nor nobody else, could afford to sell merchandise at these prices right along—it would mean ruin; but for just this short time we take the losses, you make the gains.

Just remember this fact: You have to select from as clean and up-to-date a stock of Dry Goods as there is in Southern Wisconsin; not a thing is held back. \$75,000.00 worth of first-class merchandise.

THINK NOW! and ACT NOW!

4 more days and it is over. Saturday night winds it up.
Cover your wants while you can at these prices.

A FIREPROOF SUIT

Wearer of This Garment May Brave Flames With Impunity.

Little by little the elements are being conquered or harnessed. Now comes a Virginia with an invention that will allow a man to walk through fire without fear and reduce the terrors of conflagration. The possibilities of such an invention can be understood by everyone.

It is a fireproof garment such as resembling a diver's suit. It is made of some non-combustible material and has an opening in front covered with flaps, which work by means of springs. The wearer steps into the suit and the flaps fly back.

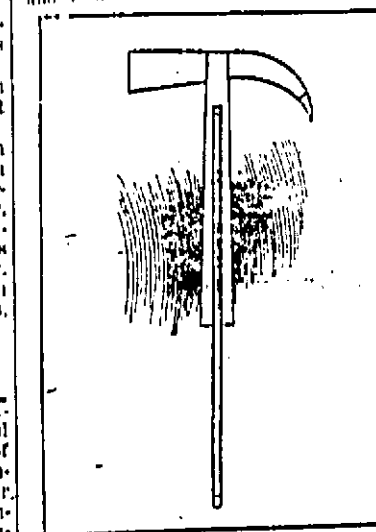

BIG AID TO FIREMEN.

into place, completely protecting him from all danger. The headpiece is a helmet sitting close to the shoulders and with a cylinder of glass. Equipped with such armor a fireman will be able to carry a hose into the very heart of a fire and play on the flames at close range. The inability of firemen to get to the root of the trouble because of excessive heat, will be eliminated and the work of fighting flames will be made not only easier, but more efficient.

TWO TOOLS IN ONE

Screwdriver Fits Into Handle of Hammer.

A new combination tool which will fill a long-felt want has been patented by a Louisiana man. This is a combination hammer and screwdriver, and, unlike some of the multiples offered, it can be used as satisfactorily in either capacity as a single instrument. The hammer has a hollow handle, into which the screwdriver bit slides. It is so arranged that when the bit is not in use it disappears in the handle and is kept in place there. When the bit is needed it slides forth and is ready to use in the position desired.

SAVES HUNTING FOR TOOLS.

In fastening screws it is often necessary to hammer them in a little way before screwing them. This gives them a better purchase on the wood. Therefore, it is necessary to have both hammer and screwdriver, and the operation is much simplified when both tools are in one. In many kinds of carpenter work the carpenter finds it necessary to use both in one place and screws will save in not having to go to his kit each time for a different tool will be considerable.

Untruthful Signs.
A New York retail merchant who has been in business for a quarter of a century says that not one sign out of a hundred in a shop window that tells of bankruptcy, fire sales, closing out prices, moving bargains and such like information tells the truth.

Clever Ruse of Thieves.
A gambling club was raided at Hazlet, France, one night recently, and the money on the tables taken by two men in plain clothes. After their departure it was found that they did not belong to the police, and that the gamblers had been the victims of two daring thieves, who got away with \$9,000.

CITIES OF NORTHWEST FRIGHTENED BY QUAKE

Bellingham, Seattle, Vancouver and Other Places Feel a Tremor of the Earth.

Bellingham, Wash., Jan. 12.—An earthquake which shook the buildings and terrified the people was felt in Bellingham yesterday afternoon at 3:44 o'clock. No real damage was done.

Hundreds of people rushed into the streets. The duration of the shock was about ten seconds. Brick buildings were so badly shaken that the plaster fell to the floor and there was a panic. Only one shock was felt.

It is reported that immediately after the shock smoke was seen arising from Mount Baker, an extinct or dormant volcano. At Blaine several buildings were slightly damaged by the tremor.

Port Townsend, Wash., Jan. 12.—An earthquake shock caused fright here at 3:50 yesterday afternoon, lasting from ten to fifteen seconds. The tremor took the form of a vibratory convulsion, swaying buildings and breaking many windows and fragile roofs. Reports from adjoining localities available by telephone state that the force of the shock extended over an area of at least fifty miles square, and in several districts two distinct shocks separated by more than a minute were felt.

In many places in this city where water pipes had been frozen the earthquake broke the mains and flooded the houses. The Signal corps officers report the parting of the Alaska cable several hours previous to the shock here.

Seattle, Wash., Jan. 12.—Reports of a slight earthquake shock came here from Vancouver, Victoria, Sumas, Tacoma and Bellingham. The same tremor was felt here at 3:44 o'clock and lasted from seven to thirty seconds. No damage was done, but persons rushed from buildings.

Vancouver, B. C., Jan. 12.—At 3:44 yesterday afternoon a distinct shock of earthquake was felt in Vancouver and in many other cities on the coast. A telegram from Victoria says that buildings were shaken there to a noticeable degree. The shock lasted only 10 to 20 seconds. No damage is said to have been done in any place.

MRS. SAGE AND CARNEGIE LEAD.
Their Personal Property Tax Greatest in New York.

New York, Jan. 12.—The heaviest assessments on this year's annual personal property tax list for New York city, which, in accordance with law, was made public yesterday, were those of Mrs. Russell Sage and Andrew Carnegie, whose personal holdings were valued at \$5,000,000 each. John D. Rockefeller's real and personal property was assessed at \$2,500,000, while the holdings of William K. Vanderbilt and Countess Szeczhényi, formerly Miss Gladys Vanderbilt, were listed at \$1,000,000 each.

The actual valuation of New York city real estate has not yet been computed, but it is expected that it will amount to between \$130,000,000 and \$140,000,000 more than last year's total of \$6,722,000,000. Assessments of corporations will, it is said, be substantially the same as those of last year.

COUNTY SOLID FOR TAFT.
Not a Democratic Vote in Zapata County, Texas.

Washington, Jan. 12.—Analysis of the returns of the recent presidential election, discloses that one county of the United States—Zapata county, Texas—cast its vote unanimously for the Republican presidential electors.

This fact was stated recently to Franklin K. Lane, one of the interstate commerce commissioners, and he took occasion to investigate the matter. In substantiation of the statement, he is in receipt of a certificate of W. R. Davis, secretary of state of Texas, declaring that Zapata county cast its 420 votes solidly for the Taft and Sherman electors. The population of the county is less than 3,000. Careful examination fails to disclose a similar case in the history of American political elections.

Father and Son Sentenced.
Erie, Pa., Jan. 12.—A fine of \$2,000, the return of the property embezzled, or the value thereof, and imprisonment in the Western penitentiary for one year was the penalty imposed yesterday by Judge E. A. Walling of the criminal court upon William A. Eshgen and Charles W. Eshgen, father and son, who conducted a bank at North-east and were convicted of receiving deposits knowing the bank was about to fail.

Wants the "Danger Zone" Bought.
Washington, Jan. 12.—Claiming that the protection of human life requires the purchase by the government of 320 acres of land adjoining the target range at Fort Leavenworth, Kan., which land is in the "danger zone," Secretary of War Wright has submitted an additional estimate to congress in connection with the army appropriations bill. The sum asked for is \$44,516.

Receiver for Manistee Company.
Grand Rapids, Mich., Jan. 12.—On petition of the New England Trust Company of Boston, in the United States court here yesterday, John P. Reynolds was appointed receiver for the Manistee Light & Traction Company of Manistee, Mich. The company operates electric lighting, gas and street railway systems at Manistee and has \$1,500,000 bonds outstanding upon which the interest is in default.

Let Kodol

Digest what you eat. Then you can Eat what you like.

You once could eat anything you wanted, and your stomach would digest it.

But now there's some things which your stomach won't digest. Your stomach absolutely refuses to accommodate you when you eat certain food—no you have been, forced by your stomach to eat food which you detested, and pass up those delicacies that you would have really enjoyed.

There is a way now to eat any thing you like, if you will let Kodol digest it.

Kodol will do this, too. It won't talk back or command, but will go right ahead with its work and digest all the food you eat. Kodol will let you eat anything you like and all you want, and you won't suffer with that dull feeling, that fullness, and wish you hadn't eaten so much.

You will not have that heart-burn, which is so annoying at times, if you will let Kodol digest your food a while.

You don't have to use Kodol long—only for a little while—just long enough for your stomach to rest a little. It gets tired sometimes, too—just the same as anybody or

part of your body that works. Kodol will do exactly what your stomach does, when your stomach is well and strong, and more, when it is tired or out of order.

Kodol is composed of exactly the same juices as found in a healthy stomach, and therefore will do the same work as the stomach, when it is well and strong—the only difference is, Kodol never gets tired—and Kodol is the only digestant to-day, that will digest all food and do it as completely, as a strong, healthy stomach.

Get a bottle now, and have it ready to help your stomach at times when you need an assistant. Kodol is at the nearest drug store.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good, and to put one in a family. The large bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Stock and Poultry Association opened
in Studebaker Hall today, and will be
continued until the end of the week. Sev-
eral thousand entries of high-class
chickens, ducks, turkeys, geese and
pigeons, are on view, representing a
dozen or more states. An exhibition
of ponies is a new and attractive
feature of the show this year.

Convention of Breeders.

Milwaukee, Wis., Jan. 12.—What
promises to be one of the most notable
conventions ever held by the New
York State Breeders' association and
its affiliated societies began in this
city today with a large and repre-
sentative attendance. Prominent speak-
ers on the program include Prof.
Vogel of Cornell University, Presi-
dent Bayard of the Pennsylvania
State Breeders' association, E. A.
Powell of Syracuse, and Martin Le-
vering of Lafayette, Ind.

Ohio Farmers Institute.

Columbus, O., Jan. 12.—The annual
winter meeting of the Ohio Farmers'
Institute and its various affiliated
bodies has attracted the usual large
gathering of rural visitors and agri-
cultural experts to the capital. Be-
ginning today and continuing until
Friday there will be a succession of
meetings and conferences of interest
and importance to those engaged in
the agricultural industry. Included
among the organizations which will
meet in annual session are the fair-
raising breeders, horse breeders, fair-
presidents and secretaries, Jersey
cattle club, American Champion-White
Record association, the Agricultural
Students' Union and the American Do-
mestic Merino Record association.

J. J. Hill to Speak.

Minneapolis, Minn., Jan. 12.—Presi-
dent James J. Hill of the Great North-
ern railroad has accepted an invita-
tion to address the annual meeting of
the State Agricultural Society, which
began a three days' session in this
city today. Another speaker of promi-
nence will be Professor John Gray
of the department of economics of the
University of Minnesota.

'Little Known' in Insect World.

Although there are over a million
specimens of insects in the British
museum, scientists say the largest part
of the insect world has not yet been
discovered or named.

Dangerous Complication.

"I've never been really uneasy about
Uncle Henry until now," said Mrs.
Lapsing. "The doctor says his symp-
toms indicate meningitis of the lungs."

CLINTON TO HAVE

CANNING FACTORY?

F. H. Collard, Superintendent of
Janesville Factory Conforming
With Business Men's Associa-
tion.

Clinton, Wis., Jan. 11.—Mr. F. H.
Collard, of Janesville, a practical
canning factory man, was here Friday
interviewing the officers of our Busi-
ness Men's association. He wants to
locate a canning factory here to can
corn and cabbage, putting up a plant
costing \$30,000 and employing 150
hands from August 1 to December 1.
The most important part of the
proposition is to get the farmers in-
terested as the minimum average is
500 in the above products. Mr. Collard
is not promoting a mere stock selling
scheme, but a real business. He wants
the people here to grow and sell
one dollar's worth of stock. He wants
the people here to grow and sell
one dollar's worth of stock. He wants
the people here to grow and sell
one dollar's worth of stock.

Mr. Collard is on the sick list for
several days.

Several from here expect to attend
the meeting of the anti-saloon league
at Janesville on Friday.

Rev. Olinger, a returned foreign
missionary is to give an address at
the Baptist church here on Wednesday
evening.

Mr. Cheever of Lake Geneva,
died of heart failure at Brookline, S.
Dakota, recently, was a cousin of R.
W. Cheever of this place.

The Eva Bartlett Macy Co. gives a
grand concert here at the Baptist
church Tuesday evening, January 23.
This company comes to us with mag-
nificent recommendation and pres-
entations and we think it will be the
most entertaining of any on our list
this season. Reserved seats on sale
at O. L. Woodward's drug store.

The number on the Y. M. C. A.
course to be a concert and acrobatic
exhibition to be given by the
Beloit Y. M. C. A. orchestra. Mr.
Chas. Gault is to take part, which is
sufficient guarantee that it will be
fine. The date is Jan. 29th.

The 20th Century club is to meet
on Monday evening with the Mission
Northrup. As this is a privilege even-
ing the program is to be exceptionally
interesting and the entire membership
should be present.

The annual banquet of the local Y.
M. C. will take place January 22.
Judge and Mrs. H. N. Cronkrite
have moved in with their daughter.

Mrs. Frederick R. Helmer, 29 High-
land Park avenue on account of the
continued poor health of Mr. Cronkrite.

Dr. Hurlburt of Elkhorn was here
Saturday at the bedside of his brother-
in-law, J. C. Barker.

Next Sunday members of the Mup-
pley League of Janesville are to have
charge of the Y. M. C. A. meeting.
There will be good speaking and fine
singing. Every man in Clinton should
attend.

Miss Raymond of Hampton, Iowa is
visiting at E. P. Vandorlyn's.

Mrs. Jan. Kelley has a splendid
husband from Michigan spending the
winter with her.

It is rumored in our streets this
morning that the party who burned the
Boswell barn and attempted to
poison the cows is known and will be
arrested at once.

Rodolph Warner of Baker City,
Oregon has sold out his interest there
and will seek a new location.

City Clerk Floyd Barnes and wife
entertained friends Sunday.

W. E. Mann of Pequoton, Ill., a
practical emergency man of many
years' experience, was here Friday
investigating the local economy
company's plant, Walter Meyer's one-
sided interest in the same being for
sale. Mr. Mann is looking up a loca-
tion.

J. A. Hamilton joined his brother
Dwight of Pequoton, at St. Charles,
Ill., Monday, to look over a stock of
shoes that they expect to secure at
bargain prices.

Mrs. D. M. Phillips is confined to
her bed with a complication of
diseases.

GREEN CO. FARMERS

IN ANNUAL SESSION

At Monroe Monday Afternoon—Re-
ports of Receipts and Expen-
ditures Were Read.

(Special to this Gazette.)

Monroe, Wis., Jan. 12.—The annual
meeting of the Green County Agri-
cultural society was held here this
afternoon. Reports submitted by the
officers showed the receipts of the 1928
year were \$1,918.20, while the dis-
bursements were \$1,002.60. The debt
was reduced \$350 and \$1,155.61 was
expended in permanent improv-
ments, water works and sewer laying.
The new stable being erected. The pro-
posed debt is \$4,550. State aid in the
sum of \$1,375.71 will be received in
February and this will be applied to
the debt, reducing it to \$2,875.

The Miller Manufacturing Company,
of this city, is receiving the raw ma-
terial for 500 wagons which will be
built and sent to the Dakotas in time
for sale there in the spring. The
stock for the axles and tongues was
sawed out of timber that was cut
west of the city.

AT THE PLAY HOUSES

"The Man From Home." It is an old stage aphorism that good parts make good actors. The remarkably well-thought-out "The Man From Home" has been built in "The Man From Home" for the enjoyment afforded by Henry Hall and his associates in the Indiana play is of the keenest. Space does not permit of the reproduction of the photographs of the full company. Of the men Mr. Hall takes first place by virtue of his assumption of the title role and the place aux dames, the

FORTY YEARS AGO

Janesville Daily Gazette, January 12, 1869.—Clean Them Off.—In many localities in the city the sidewalks are in a condition to dislocate a person's neck while walking over them. These filthy things are suggestive to the method of clearing the walks, and every one who can should make sufficient effort to insure pedestrians a safe foothold.

At The Think This Evening.—Rodney Sherwin and George Van Billa will appear at the rink this evening. These gentlemen are not excelled by any who have yet appeared before this community. They will perform a series of double movements, entirely new here. A full band will furnish music.

CROWD OF PITTSBURGH PEOPLE DURING ONE OF ITS SESSIONS OF THE COUNCIL, WHOM THE BACK OF AT THE LAST MEETING.

Pittsburgh, Pa.—One of the most dramatic phases in the entire municipal upheaval occurred at the last meeting of the common council. All of the men against whom charges have been preferred with the exception of W. H. McManey, were present and were entirely at their ease, as though nothing had occurred. The halls and lobby of the council chambers were packed way beyond their capacity by interested citizens who expected something to happen. They

COFFEE knocked Dorando out twice, once in London at the Marathon race and again in New York. Read the Doctor's report: From the New York World, Dec. 16, 1908.

DORANDO'S HEART IN BAD SHAPE AFTER RACE, SAYS DOCTOR

By Dr. Jos. Creamer.

"I examined Dorando immediately after he was carried from the track. His heart was in bad shape and he was in a state of total collapse. In my opinion, the condition of his heart was due partly to overstimulation. His handlers gave him stuff from a bottle which they said was coffee. Even coffee taken in such quantities would be likely to affect his stomach and cause his collapse. There wasn't a bruise on him to show that the fall did any damage."

It has been a part of our mission to explain to people that the drug, caffeine, in coffee

seriously affects the stomach, heart and nerves of some people (a good many).

If you want health and the power to do things and win in the race for any kind of supremacy, you better trim off the handicaps—and coffee is one.

It is joy of the keenest sort to be entirely well.

Try it.

Quit coffee 10 days and use well-made POSTUM, which goes straightaway to work rebuilding broken-down nerve centres.

Dogs Bred for Use.

The bull dog used for cattle, and was trained to meet the rushes of his enormous charges by gripping them in their most vulnerable spot—the nose. Thus in time he became known as the bull dog. The dachshund is a German dog, and as his name indicates when translated, was used for hunting badgers. Hence his name—badger dog.

REACHING THE SPOT.

It Can Be Done, So Scores of Janesville Citizens Say.

To cure an aching back. The pains of rheumatism. The tired-out feelings. You must reach the spot—get at the cause.

In most cases 'tis the kidneys. Doan's Kidney Pills are for the kidneys.

Mrs. Ellenbeth Johnson, living at 58 Terrace St., Janesville, Wis., says: "I have been a sufferer from rheumatism and kidney trouble for the past ten or twelve years and during that time, have had some bad spells. I did not suffer so much from my kidneys, which occasionally became discolored but was constantly annoyed by a swelling of my joints. I could find nothing that would give me relief until finally about four years ago I learned of Doan's Kidney Pills and sent to the People's Drug Co. for a supply. I was soon feeling better after beginning their use and my kidneys grew stronger. I have not been without this remedy in the house since and it is the only preparation that keeps my kidneys in good condition. I heartily recommend Doan's Kidney Pills to others."

When Society Decays. The prosperity of a people is proportionate to the number of hands and minds usefully employed. To the community, usefulness is a fever, corruption is a gangrene, and idleness is an atrophy. Whatever body or society wastes more than it acquires, must gradually decay; and every being that continues to be fed, and ceases to labor, takes away something from the public stock.—Samuel Johnson.

The Short and the Tall Woman. There is no longer a perfect type of woman, such as the Greeks admired. There is the ideal short woman; and the ideal tall woman, but they are very different.

Same Motions. "It has always been a mystery to me," observed the observer of events and things, "why it never throws a man to play the fiddle, but wears him out so quickly to saw a little wood."
